相約三億年後 See You 300 million years later

炎炎夏日,到海灘玩耍是最好不過了。看!馬高和馬莉兩兄妹正興奮地建立他們的沙堡王國。

It is always a good idea to go to the beach on such a hot summer day! Marco and Mary are having fun building their sandcastle kingdom.

「城堡要有謹城河!」 馬高 手舞足蹈地說。

"There should be a moat around the castle!" Marco says excitedly.

"Let me put up some decorations!" Mary says and places a "rock" at the gate.

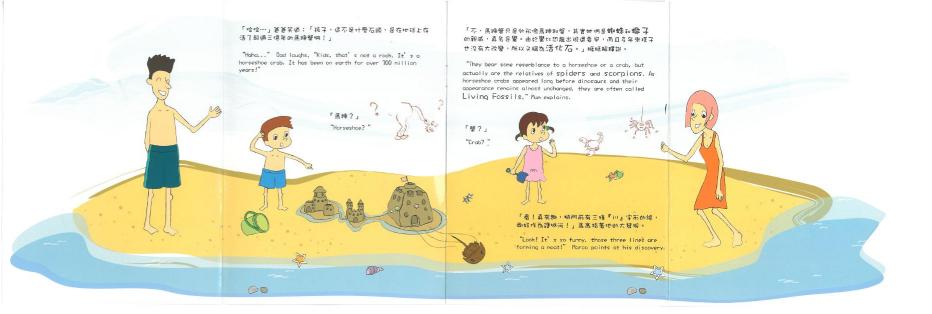

奇怪的事發生了!

A strange thing happens!

「小圓石」竟鑽入沙中。兄妹倆人驚訝地眨著眼睛。

The children stare in surprise at the "rock", which is creeping into the sand.

馬蹄蟹數量大減,請大家深入迷宮找出保護馬蹄蟹的方法,讓這些活化石能與我們相約三億年後!

The population of horseshoe crabs has dropped dramatically. Let's find out ways to protect this "living fossil" inside the maze so that we can see them 300 million years later!

保護馬蹄蟹 與牠們相約三億年後

Let's protect horseshoe crabs and see them 300 million years later
