Waterman fined for taking horseshoe crabs, oysters

The News Journal

A Leipsic-area waterman pleaded guilty today to violations of his commercial fishing license, state officials reported.

Fish and wildlife agents arrested Ronald W. Sayers, 40, of the 10000 block of Bayside Drive (Del. 9), on six counts of possession of horseshoe crabs taken without a valid dredge license, and one count each of possession of untagged oysters and violating his commercial license.

He was taken to Justice of the Peace Court 7 in Dover, pleaded guilty to all charges, was fined \$897 and released, according to a news release from the Department of Natural Resources and Environmental Control.
