

# International Conference on the Conservation of Asian Horseshoe Crabs (ICCA-HSC 2017) 25-27 August 2017 - Bangkok, Thailand

## Opening remarks

**Prof. Dr. Kamaruzzaman Yunus**  
Chairman, CleanWAS Conference

Paper 1 (preferably oral)

USD 300

Subsequent papers (by poster only)

USD 150

## The conference

International Conference on the Conservation of Asian Horseshoe crabs (ICCA-HSC 2017) is organized by INOCEM, Kulliyah of Science, International Islamic University Malaysia (IIUM) and The International Water, Air and Soil Conservation Society (INWASCON) with joint support from IUCN Species Survival Commission Horseshoe Crabs Specialist group, Nankai University, Mahidol University, China University of Geosciences, Chulalongkorn University, Universiti Kebangsaan Malaysia and Chiang Mai University. The theme of this conference is to focus on conservation of Asian horseshoe crabs.

## Who Would Attend?

Researchers  
Academics  
Professionals  
Biotechnologists  
Policy makers  
Entrepreneurs  
Students

## Objectives

- To create a platform for researchers, scientists, academicians, professionals and policy makers to discuss recent advances and new findings in various aspects on Asian horseshoe crab research
- To encourage and develop R&D collaborations among the participating researchers and to facilitate research links between institutions

## Publication opportunities

\* The conference proceedings will be published in book/proceedings by RAZI PUBLISHING and will be sent for CPCI indexation (Web of Science).

\*\* Selected papers will be published in many collaborated ISI paid journals (refer to conference website)

\*\*\* Excellent research papers will be recommended to top non paid journals.

## Venue:

**Centra by Centara**  
Central Station Hotel Bangkok  
Thailand

## SUPPORTED BY

## International Conference on the Conservation of Asian Horseshoe Crabs (ICCA-HSC 2017)

International Conference on the Conservation of Asian Horseshoe Crabs (ICCA-HSC 2017) is a scientific event following the strong foundation built in previous workshops and symposiums on horseshoe crabs in New York (2007), Hong Kong (2011), Japan (2015). It is an intermediate, parallel conference with International Conference on Clean Water, Air & Soil (CleanWAS 2017) organized by International Islamic University Malaysia (IIUM) and The International Water, Air and Soil Conservation Society (INWASCON) in strong support with IUCN SSC and other hosting/supporting institutes from Thailand, China and Malaysia. Registered participants will have full access to various key note and parallel sessions in both ICCA-HSC (2017) and CleanWAS (2017). We are inviting students, researchers and policy makers to join us in this event to exchange ideas and research findings in various aspects on horseshoe crab research.

### Invited Key Note

#### ICCA-HSC (2017)

Assoc. Prof. Dr. S.G. Cheung (IUCN SSC /Horseshoe Crab Specialist group steering Committee members)  
Prof. Dr. Bisnu Prasad Dash (IUCN SSC /Horseshoe Crab Specialist group members )

#### CleanWAS (2017)

Prof. Dr Edita Baltrėnaitė  
Dr. Miriam Balaban  
Prof. Kamaruzzaman Yunus  
Prof Dr Habil Pranas Baltrėnas  
Prof. Zhou Qixing  
Prof. Zhao Jun  
Prof. Dr. A. S. Alhomida  
Prof. Dr. Ahmed Jalal Khan Chowdhury

### ORGANIZERS

### Instruction to authors

\*Abstracts are required for both oral and poster presentation.

Abstract should be in English not more than 250 words, formatted in Microsoft Word, Times New Roman font ,12 points, Single spacing throughout

\*Abstract must include title, authors' names and affiliations, email address of the corresponding author, problem statement, objectives , methodology, result and conclusion.

\*All abstract must be submitted through ICCA-HSC 2017 website

<https://easychair.org/conferences/?conf=cleanwas2017>

## before 30 April 2017

### IMPORTANT DATES

**April 30, 2017** : Early bird registration & Abstract submission  
**May 10, 2017** : Notification of acceptance  
**June 30, 2017** : Late registration & full paper submission

### Conference topics

1. Horseshoe Crab Population Ecology and Evolution
2. Advances in Horseshoe Crab Biology
3. Education And Public Awareness
4. Horseshoe Crab In Biotechnology
5. All Areas Of Horseshoe Crab Biology And Conservation
6. Horseshoe Crab Conservation Challenges

### Contact

#### Secretariat
